## General Principles

In accordance with the Accessibility Standards for Customer Service, Ontario Regulation 429/07, this policy addresses the following:

- A. The Provision of Goods and Services to Persons with Disabilities
- B. The Use of Assistive Devices
- C. The Use of Guide Dogs, Service Animals and Service Dogs
- D. The Use of Support Persons
- E. Notice of Service Disruptions
- F. Customer Feedback

- G. Training
- H. Notice of Availability and Format of Required Documents

A. The Provision of Goods and Services to Persons with Disabilities

MR. GREEK will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all guests receive the same value and quality;
- allowing guests with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that guests with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the guest's disability.

B. Assistive Devices

Guest's own assistive device(s):

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by MR. GREEK

In cases where the assistive device presents a safety concern or where accessibility might be an issue other measures will be used to ensure the access of goods and services.

For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a guest with an oxygen tank may involve extinguishing candles and ensuring the guest is seated in a location that would be considered safe for both the guest and other patrons. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, tables that are easily accessible will be made available based on the availability of seats.

C. Guide Dogs, Service Animals and Service Dogs

A guest with a disability that is accompanied by a guide dog or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into the restaurant due to the Health Protection and Promotion Act, Ontario Regulation 562 Section 60.

Exclusion Guidelines

If a guide dog, service animal or service dog is excluded by law, MR. GREEK will offer alternative methods to enable the person with a disability to access goods and services, whenever possible (for example, securing the animal in a safe location and offering the guidance of an employee).

Applicable Law:

The Health Protection and Promotion Act, Ontario Regulation 562 Section 60, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

Dog Owners' Liability Act, Ontario: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

Recognizing a Guide Dog and/or Service Dog:

If it is not readily apparent that the dog is being used by the guest for reasons relating to his or her disability, MR. GREEK may request verification from the guest.

Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Ontario; or,
- a certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal:

The guest that is accompanied by a guide dog, service dog or service animal is responsible for maintaining care and control of the animal at all times.

Allergies:

If a health and safety concern presents itself, for example in the form of a severe allergy to the animal, MR. GREEK will make all reasonable efforts to meet the needs of all individuals.

D. Support Persons

A support person is an individual who accompanies a Guest with disabilities to help the Guest meet his or her communication, mobility, personal care or medical needs or to assist the Guest in accessing goods and/or services. A Guest with a disability who is accompanied by a support person will be allowed to enter MR. GREEK's premises together with the support person, and will not be prevented from having access to the support person while on the premises.

All support persons are welcome at all MR. GREEK properties. For any admission fees required of a support person, advanced notice will be provided.

#### E. Notice of Disruptions in Service

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of MR. GREEK. In the event of any temporary disruptions to facilities or services that guests with disabilities rely on to access or use MR. GREEK's goods or services, reasonable efforts will be made to provide advance notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

#### Notifications will Include:

In the event that a notification needs to be posted, the following information will be included unless it is not readily available or known:

- goods or services that are disrupted or unavailable
- reason for the disruption
- anticipated duration
- a description of alternative services or options

#### Notification Options:

When disruptions occur, MR. GREEK will provide notice by:

- posting notices in conspicuous places including at the point of disruption, at the main entrance and at the nearest accessible entrance to the service disruption and/or on the Restaurant website;
- contacting guests with reservations;
- verbally notifying guests when they are making a reservation; or
- by any other method that may be reasonable under the circumstances.
